

THIS SUMMER IN CPF WORLD

Aug
2025

1ST CARE PARTNER TRAINING PROGRAM

In June 2025, CPF facilitated the first of its kind 2 day intensive hands-on training program designed to advance the education and manual skills of care partners working with individuals living with paralysis.

Positive impact

Following a multidisciplinary approach, participants worked side-by-side with other up-and-coming care partners in a small group environment learning the basics of paralysis care advancing them into more complicated scenarios working with volunteers from the local Colorado paralysis community.

Upcoming Events

Hiwan Golf Tournament & Fundraiser
29 September 2025

Care Partner Training Program
10/18-19, 2025
